PUBLIC HEARING

The City Council decides annually whether to amend the City's Comprehensive Plan in response to amendments that are proposed by members of the public, organizations, City departments, and others. The Council screens the proposed amendments in the summer to decide which should be formally considered for adoption the next spring. The Council is holding this public hearing to assist in screening the proposed amendments and will hold at least one additional public hearing in early 2010 when deciding whether to adopt amendments. This public hearing is to hear comment for which of the proposed amendments should be considered for formal consideration in the first quarter of 2010.

INFORMATION AVAILABLE

Copies of the proposed amendments as well as a summary list of the amendments may be viewed or downloaded from the City Council's website at the following address:
